JUERGEN LAW LATURISA

Mississauga, Canada | juergenllaturisa@gmail.com | www.linkedin.com/in/juergen-laturisa

EDUCATION

University of Toronto — **Mississauga, Canada**
Honours Bachelor of Science in Forensic Science — *Sep 2026 – Jun 2030 (Expected)*

- Awarded the UofT International Scholar Award (up to CAD 180,000 over 4 years)

PEER-REVIEWED PUBLICATIONS

Laturisa, J. L. Independent Research. (2026). Re-evaluating RAPD-based plant DNA evidence from the 1992 Maricopa homicide investigation: A modern reassessment of the first court-accepted molecular botanical evidence. *Science & Justice, 66*(6), 101530. https://doi.org/10.1016/j.scijus.2026.101530

RESEARCH & ACADEMIC CONTRIBUTIONS

Notes from Nature - CAS Plants to Pixels — **Mississauga, Canada**
Research Volunteer & OC3 Group Founder — *Oct 2026 – Present*

- Established the Oregon County Collection Collective (OC3), a 4-person volunteer group with 110+ group classifications across all 36 Oregon counties in support of herbarium data digitization
- Interpreted GPS, datums, and TRS/PLSS systems using geographic reference resources, including Getty TGN and Google Maps, to determine specimens' county of origin

Science & Justice (Elsevier) — **Mississauga, Canada**
Peer Review Pool Member — *Oct 2026 – Present*

PERSONAL PROJECTS

HORUS (Healthcare & Operational Reagent Upkeep System) — **Tangerang, Indonesia**
GitHub Repository | *System Site* | *System Demo* — *Jun 2026 – Aug 2026*

- Built a reagent inventory dashboard for lab tablets that logs reagents with different storage conditions
- Automatically calculates expiration dates and flags reagents within 7 days of expiry, giving lab teams a visual warning to prevent use of expired samples in active experiments
- Tech Stack: HTML5, Tailwind CSS, JavaScript (ES6+), Web Storage API (LocalStorage), Git

LEADERSHIP EXPERIENCE

Catalyst Chemistry Initiative — **South Tangerang, Indonesia**
Head Experiment Manager — *Mar 2024 – Sep 2024*

- Organized a science outreach event for 100+ students at under-resourced elementary schools
- Led a team of 12 students in designing and facilitating hands-on experiments to teach foundational chemistry concepts and increase long-term enthusiasm for STEM education at a young age

CERTIFICATIONS & TRAINING

Cannabis Research Training (EHS116) by University of Toronto (UofT) — *Oct 2026*
Biology Researcher Career Simulation by LifeArc — *Jun 2026*
Introduction to Forensic Science by Nanyang Technological University (NTU) — *May 2026*

SKILLS & INTERESTS

- Research Skills: macro- and microscopic plant identification, journal publishing, scientific writing
- Languages: Indonesian (Native), English (Fluent – IELTS 7.5), German (Intermediate – CEFR B1)
- Interests: Forensic media, tower defense games (Bloons TD 6), Collecting university-branded pens
